Additional Key Features

Shop By Payment

The majority of vehicle buyers are still payment shoppers yet most digital retailing tools don't allow a customer to shop by payment - Ours does!

Free Marketing Assets

Create awareness with your shoppers using customized marketing assets we offer during setup, such as a landing page, hero images, video and so much more!

Tailored Interview

Integrating the "interview" into your digital retailing solution allows for a personalized presentation resulting in more products accepted.

Rates & Residuals

Every lender and every program, every rebate – every parameter, policy and factor that can influence an automobile lease or retail finance transaction.

Integrated Soft Pulls

Our soft-pull solution through 700 credit places soft inquiry on the consumers file, that does not require a consumer's SSN or DOB. Dealers receive live FICO, available revolving credit, recent inquiries + more!

Predictive Analytics

Not just a buzz word! This is what makes Darwin not just another Digital Retailing platform.

Prescriptive Selling

The ultimate selling method! Prescriptive Selling matches your products and services to individual customers needs. Helps increase sales and reduce buyers remorse.

F&I Sales Tools

We have many tricks and tools to help ensure your F&I profit is maximized when retailing a car online. Third party tools from Edmunds.com help explain why F&I protection can be a very valuable option for the consumer.

Dedicated Account Managers with Dealership Experience

Work with your dedicated Digital Retail Account Manager to optimize your marketing strategy and lead management process while receiving performance reviews and tool insights. Their firm understanding of the dealership environment ensures your stores success.

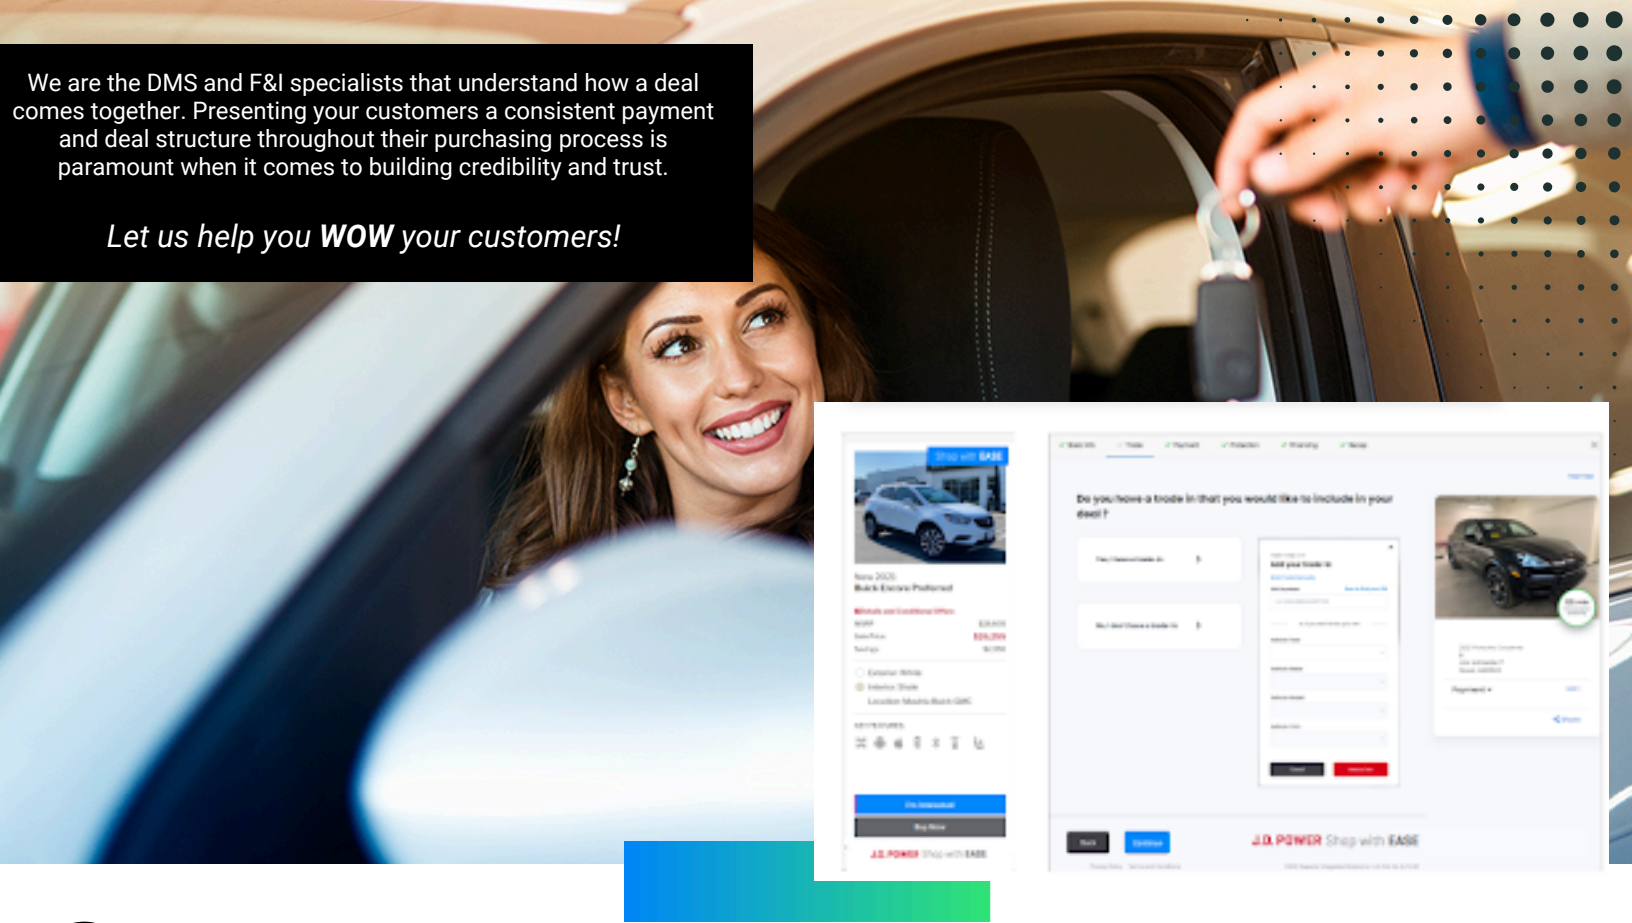

“

It's what I've envisioned for the future of digital retailing and our customers love it. It produced my favorite review of the year when one customer stated, "This dealership was really easy to work with and the best part of the process was the Fastlane software on their website. My deal was built out before even getting to the dealership which meant I didn't have to be there for five hours negotiating and haggling. The team knew what I wanted and made it a seamless process. It's like having the online flexibility of Carvana at your local dealership where you can and go see the car before you buy it."

Vincent Mastria | Marketing Manager, Mastria Auto Group

We are the DMS and F&I specialists that understand how a deal comes together. Presenting your customers a consistent payment and deal structure throughout their purchasing process is paramount when it comes to building credibility and trust.
